Remarks

The Ship "Sir Robert Sale" is well fitted for the Service. Cleanliness and ventilation were well attended to during the Voyage. No complaints were made by any of the Immigrants respecting the provisions or water which are reported as being good, and issued with regularity.

The Immigrants generally, enjoyed good health during the voyage, about the Middle of the passage however a few cases of Simple Fever occurred and some infantile diseases, among the children by Whooping Cough & Diarrhoea & No complaints were made against the Surgeon Superintendent or any of the Officers of the Ship.

The Immigrants appear to be of a class suited to the wants of this District.

The Immigrants generally conducted themselves with propriety during the Voyage, Some of the females however, are reported by the Surgeon in his journal to have behaved with unbecoming familiarity with Some of the Crew, and Officers of the Ship as more fully explained in the Boards Report.
