Report of the Immigration Board on the Ship "Cheapside"

Melbourne Augt. 19th 1848

Sir

I beg leave to inform Your Honor that, pursuant to your instructions, the members of the Immigration Board assembled on board the Cheapside, this day and inspected the Immigrants, arrived by that vessel on the previous day 18th instant after a passage of 87 days, having sailed from Plymouth the 21st May 1848

His Honor
the

Melbourne

The passengers arrived Comprised
54 families Consisting of 176 Souls,
of Single Male Adults 35 Do and
of Single Female Do 19 Do
amounting in all to 230 Souls.

(In addition to this number however, it will be necessary to state that the Board was informed by the Surgeon Superintendent of the vessel, that a Married Couple, without Children who came out under the regulations of the Colonial Land and Immigration Commissioners, had during the voyage (by some arrangements made with the Master of the vessel) been received as Cabin Passengers. They never appeared before the Board having gone ashore during its sitting without any permission. Such being the Case they of course were not included in the number inspected by the Board.

* See foot of Report

There were no Complaints whatever made by any of the passengers respecting their treatment

They were all in good health & spirits and appear to be of a class suited to the wants of the Colony, being Chiefly from the Midland Counties of England with the exception of a very few from Scotland, and the North of Ireland.

The internal arrangements of the vessel seem to have been fully and carefully carried out under the careful management of the Surgeon Superintendent, assisted by the Master and the other Officers of the Vessel.

The 'tween decks appear dark and much confined, with this exception, She seems well adapted for the purpose employed in

There were 4 births and 5 deaths during the voyage (all Children
