Acting Immigration Approval of Surgeon Superintendent

I hereby Certify that I Wm Jas McKechnie M.D. late Surgeon Superintendent of the Immigrant Ship "Andromache", arrived at Point Henry Geelong Port Phillip on the 8th of November 1848. with a full complement of Immigrants That during the Voyage the passengers enjoyed excellent health and appeared perfectly satisfied with the treatment they had experienced at the hands of the Surgeon Superintendent That 3 children only died during the Voyage, and that I believe the discipline carried out on board was highly conducive to the health & comfort of the people

(Late Melbourne 27th Nov. 1848. (Signed) John Patterson.

The usual certificate of Approval, was granted by His Honor to the Master and other Officers of the Vessel.

Ship Andromache.

Report of the Immigration Board of Inspection

Geelong Nov.r 17. 1848

To
His Honor
the
Superintendent
&c &c &c
Melbourne

Sir

We have the Honor to inform you that according to your directions the Immigration Board of Inspection assembled on board the Ship "Andromache" at Point Henry Geelong on the 9th instant and proceeded at once to the duty assigned. The Andromache sailed with Free Immigrants from Plymouth on the 17th of July and arrived at Point Henry on the 8th instant having made the passage in 113 days.

The passengers arrived by this Vessel enjoyed good health during the entire of the Voyage and have arrived in the Colony in high health and spirits. They are reported as having been very orderly and well disposed to each other all the passage. They have been selected principally in the midland Counties of England and in the Highlands of Scotland, there is only One family from Ireland. On the whole they seem to be a very eligible set of people, and no doubt will turn out to be serviceable in the Colony.

They are composed of

38 families amounting to	153	Souls,
Single men	49	and
Single Women	31	
making a total of	233	Souls,

There occurred on the passage three deaths, Children, and three births only. Their respective callings may be enumerated as follows viz. Agricultural Laborers 46. Shepherds 14, Ostlers 2, Grooms 2, Gardeners 2, Miners 3 Blacksmiths 5, Carpenters 3 Ships Carpenter 1 Shoemakers 1, Butchers 3 Sawyers 3 Females. House Keepers (married) 38 Single— Housemaids 19, Nursemaids 2, Chambermaids 2 Cooks 1, Dairymaids 2, Farm Servants 1, and 4 Single women who never were in Service.

The Andromache is well adapted for the Transport of large bodies of people, roomy and remarkably high between Decks, and it would appear that she has been kept in a State of cleanliness and good order during the Voyage.

The people express themselves highly pleased with the treatment they have experienced at the hands of the Surgeon Superintendent the master and other Officers of the Ship and the Provisions and water were of first rate quality and amply abundant.

The medical comforts however fell short before the Ships arrival in Port.

The services of these people were in great Request and no doubt they will all of them meet with desirable engagements in a few days with the exception of two married Couples having each Six Young Children on board.

One of the Men families was engaged in the Lace Trade in France, and was compelled to fly the Country during the Revolution.

Notwithstanding we have had the arrival of several Ships with Immigrants within the last 4 months, the demand for labor continues unabated and the rate of wages is scarcely affected by these importations indeed it may be safely averred that it would require the monthly arrivals of a couple of these Ships with Immigrants for very many months to come, to make any apparent impression on the labor market in this District.

For and on behalf of the Board present
I. C. B. Addis Capt. I.N. and
J. Dr Clark Apt Colonial Surgeon.

(Signd) John Patterson
Acting Immr Agent

Ship "Andromache".

Communication respecting Matron

Point Henry Geelong
Nov 10. 1848

Sir

I beg leave to represent to Your Honor, that the Colonial Land & Emigration Commissioners omitted to appoint a Matron to superintend the Single females on board the "Andromache"; and that after the Ship had been to Sea a few days, I found the extreme inexpediency of not having a head to direct and instruct them

I therefore took the liberty of appointing Susan Rayleton, a steady & prudent female to act as Matron during the Voyage over the Single Women, and can with truth certify as to her efficiency as such, & that she is deserving of the gratuity allowed under similar circumstances

"Signed" Jas. MacKechnie M.D.
Surgeon Superintendent

His Honor
the
Superintendent

Melbourne
Nov 13. 1848

Sir

I beg to say that the Surgeon Superintendent of the Andromache was necessitated to appoint one of the Female Immigrants as Matron over the Single Women, shortly after the Ship sailed from Plymouth, this step was found to be indispensably necessary for the preservation of Order &c. The Commissioners had not appointed a Matron, & must probably because they cannot always find such a person at the time required. The Surgeon had addressed a letter to your Honor on this subject but neglected to give it to me

signed "John Patterson"

Ship "Nelson"

Report of the Board of Inspection

Melbourne Nov 28/48.

Sir

We have the Honor to report for your information that in Consequence of Your Honors directions the Immigration Board of Inspection assembled on the 15th inst on board the Immigrant Ship "Nelson" which sailed from Plymouth on the 31st of July 1848 and arrived in Port Henry Geelong on the 11th instant (after a passage of 103 days) with a full complement of Immigrants consisting of

45	Families comprising	153 Souls
	Single Male Adults	30
and	Single Female Adults	34
	in all	347 Souls

These people have been selected chiefly from the Midland Counties of England and many from Scotland. Their general appearance is favorable, and they are chiefly of the class of Agricultural Laborers, and no doubt will prove very acceptable to the Colonists

They are represented as having been orderly and well conducted during the passage.

They were healthy during the entire of the Voyage and arrived here in good health & spirits.

No disease of an infectious nature appeared on board. There were 9 deaths on the Voyage 1 Adult, 4 Children from 1 to 14 Years of age and 2 Infants (Male 7) and 3 Births.

No Complaint was made by any of the Immigrants but on the contrary, they all spoke in terms of gratitude of the humane and attentive Conduct of The Surgeon Superintendent, the Master of the Vessel & other Subordinate Officers of the Ship

The Provisions appear to have been of the best quality and the Water (an essential article) kept sweet and good to the last

Order and cleanliness both of persons and of Ship seems to have been fully carried out.

As regards the "Nelson" She appears to be sufficiently well adapted for the particular Service employed in

The Services of these people were as usual eagerly sought after, and the rate of Wages going was rather above that offered in the preceding Immigrant Ships.

It is with much regret we have however to report to Your Honor, that Two Single female Characters very objectionable indeed arrived by this Vessel! The first to be mentioned is named Harriet Davey, She it appears was selected at 9 Park Street, and embarked at Deptford, her native place cannot be ascertained, but She was suffering during the Voyage from Venerial disease contracted on Shore, her Conduct on the Passage was such as might be expected, misusing on every possible occasion with the Seamen: The Surgeon who was obliged to treat her as under disease, found it necessary to seperate her from the rest of the females, who would neither mess with her or use the same Water Closet &c. Caroline Wilkins the other female alluded to, embarked also at Deptford She proved to be enciente and expects to be confined towards the latter end of this month. She was likewise selected at Park Street, She acknowledges to have had a child to the Father of the Child she now bears about 18 months ago. He is an Artist in London. This female however behaved on board with perfect propriety and decency.

For and on behalf of the Members of the Board present

Wm Dr Cussen & Wm Ginn Esqrs

Chairman

Ship "Nelson"

Surgeon Supt's report of two improper Females arrived by the Ship

On the above circumstance (of two improper Characters on board, being reported to the Colonial Immigrn. Agent) he requests the Surgeon to give all the information in his possession

The Immigration Officer Dr Patterson having solicited a report upon the previous History and general conduct of Harriett Davey, a Single Woman Emigrant by the Nelson, I regret my information upon many points is so limited

Harriett Davey embarked on board the Nelson at Deptford upon the 15th July past, what part of England she is native of I cannot state but understood she was selected at the Emigration Office 9 Park Street Westminster, during the voyage from Gravesend to Plymouth I observed nothing peculiar in her conduct, which may be accounted for by the fact of her being sea sick the greater portion of the time, if I except a certain degree of intimacy with Susan Collett the Woman turned on shore at Plymouth, About 2 weeks after leaving the latter Port, She had been observed in frequent conversation with Thomas Borthwick, One of the Seamen, upon a regular demonstration of the truth, I admonished her privately, and with tears, She promised Amendment. but a very few days afterwards I saw the Offence renewed, when I ordered her to be sent below every night at 6 O'Clock, and upon no account be allowed on Deck after that hour, which was strictly enforced; about 6 weeks ago I remarked that the Mess to which She belonged divided their Provisions and gave her the quantity allowed separately at the same time holding no intercourse with her, She never came on Deck, except when the regulations of the Ship required

Ship "Nelson"

Surgeon's Report on Harriett Davey female Imt continued

required She should, and seemed ill inclined to associate with the rest of the Women, I questioned her upon that point but She stated the contrary

Jeannett Marshden, the acting Matron of the Ship came to me and stated the Single Women had requested her to inform me that Harriett Davey had a loathsome disease which rendered her using the Water Closet dangerous to them, I sent for the Girl and challenged her with the fact, which she denied, but at length admitted; I then placed her entirely apart from the Single Women, and treated her as I stated in the Medical Journal

On arrival I stated these circumstances to the Board of Emigration and as a natural consequence Refused to give her any Character as a Servant, as long as the Commander of One of the Second Cabin applied to me, I told her history as far as I knew, but he said the situation he wished her for would prevent any recurrence of such Conduct if She was only active and industrious, The went on shore at Melbourne to purchase some few articles, and proceed direct to her place on Monday last but neither the Party engaging or myself have ever seen her since

(Signed) John Denniston

Ship Nelson

Surgeon Superintendents report on Female Emigrant Caroline Wilkins

Having been requested by Dr Patterson to report upon the previous history and Conduct of Caroline Wilkins an Emigrant on board the "Nelson", I can only say that She embarked on board that Vessel as a free Emigrant at Deptford on the 15th July last previous to embarkation I examined her along with the others in presence of Surgt Jane R.N. but observed nothing peculiar in her appearance, She was long an invalid from Sea Sickness, and invariably considered her quiet and grateful for any attention, at length when she was enabled to come on deck, and obliged to drop in loose attire I observed a visible alteration in her form, In a few days when a favorable opportunity presented itself I questioned her when She informed me that She was "enciente" and that about 16 months previously She had a former child which was taken from her and sent to Nurse, that she expected her accouchement to take place the end of November the Father of both Children She stated to be an Artist in "London", who would follow next Year "and marry her" She was selected in London at 9 Park Street Westminster and since the arrival of the Ship has proceeded in the Brig Raven Captain Rees to Launceston on her way to Hobart Town to join her Mother, who She states sent Home Years, but is lately married and Comfortably situated, her name is Mrs Clayton.

I can only say in conclusion that during the whole time Caroline Wilkins was under my charge, I never heard an indelicate expression or witnessed the slightest impropriety of Conduct on board.

(Signed) Isbrick Reeves Jun
Surgeon Superintendent
