№50/161-165 I deferred reporting on this matter until I had ascertained from Mr Skene what portions had been marked for Mr Mc Donald on his application of 9th Dec 1848: see plan enclosed It appears that Mr Rutledge has certain Crown Lands leased to him under his pre-emptive right A situated between his Special Survey and the coast and formally held under squatting license by A Mc Donald whose application to purchase 50 acres under the Notice of 20 Nov 1848 secured to him 640 acres reckoned from point Reckening westward along the hummocks the leases to both parties have been advertized for 1849 & 1850 but Mr Donald I find on enquiry at the Treasury has also paid a £10 license from 1st Jan 1849 to 30 June 1850 a sum therefore of £15 should be returned. Should Mc Donald not purchase either of the allotments when offered for Sale he must leave that part altogether.

Mr Tyers assures me that you can cross the above river near its mouth at the part Mr Andrew Ewings Teams cross. As I find more work is inserted in the plans received from yourself and the other Contract Surveyors than is absolutely necessary in a general Survey, I have to request you will not survey both sides of a river but take bearings to the opposite bank in the usual manner. Mere tracks are not to be surveyed nor are small swamps. If this is not attended to it may occasion nonpayment of your accounts for the survey S R H

| | Parish of Nalangil respecting the necessity of reserving Sections Nos 13 in that Parish for Public purposes, which your Honor on the grounds stated by the applicants was pleased to approve of, and the Section was accordingly withdrawn from the List of Lands open to Selection. I also enclose the copy of a Letter received from Mr Hugh Murray (agent for Mr Robertson) requesting to be allowed to purchase the above Land, and stating the reasons which appear to render the reservation of the above Section for Public Purposes unnecessary and inexpedient. Under these circumstances I have taken the liberty of placing the correspondence before your Honor, and to observe that I not only perfectly agree with the Crown Commissioner as to the necessity of withdrawing from selection and reserving the Section alluded to, on account of the water, but consider it expedient that the whole of the measured Lands in the Parish of Nalangil at present unsold should be reserved from Lease.
