of the George Barker to your Honor for permission
to purchase a portion of land on the South Bank
of the Varna where he has erected a mill on the
waterside of a stream and dammed, receiving
a road along the bank of the river to the public
and your Honor's request that I report thereon.

I have the honor to state that I have inspected
the ground, and from the very low situation and
little value for any Government purchase, I conclude
there can be no objection to a few portions of land
being each being marked off for the bank
of the river say 100 feet for the use of the public
sufficient width of roadway along the bank
are are each being marked off for the bank

again, and also the most direct line among no
 private interests to influence me.
 As the road passed through the Fort in the
 field, and that peninsula has been a long way
 side of the road for a considerable distance. I
 would suggest that a road of 1/2 mile wide be
 marked along the southern boundary of the 2nd
 of section 22 to the new Grant's tract road and
 of only 20 feet as a private highway from the
 two applications of 24 March last, a 1/2 mile
 the line once direct a road of 1/2 mile in width
 from the south east corner of the 2nd to the
 bank of the river, section 10 from the River at Fort
 Road, thereby giving access to the lands on
 or the left bank of the river, and 27 March
 the same line of road. The whole line from the
 bridge on the river bank to the deep creek
 is perfectly correct with the exception of a small
 portion near the south west corner of the 2nd of
 section 22. The Frenchman's point, which has been
 above lately on the application of the 2nd of
 has more to the eastward and some ground. The
 line is more direct and free from the numerous pull
 over which the old track passed. With respect to
 water for cattle. There is plenty at the 5 mile mark
 and there are ponds a section 10 1/2. which I suppose
 receiving as a drinking place.
 The portion of the River at Fort and Road to the
 most eligible that can be found. In addition
 portion 10 1/2. For the falls I marked a road of 1/2
 chain wide from the fort. I marked a road of 1/2
 chain running east to the bridge at the 1/2 mile
 road which appears to have been over the 1/2 mile
 by a section 10 1/2. I have signed
 an attack to the side of the 2nd of section 22
 or section 22. I suppose as in the way indicated
 lastly as regards the James River and the
 attention in the old survey or the old road being

from the Mount Vernon to the new survey road as stated
 in the act of the 5th May last to the extraordinary and unne-
 cessary. I had ^{originally} marked the proposed line drawn
 from the 1/2 mile of section 10 1/2. in the vicinity of the
 bank along the river line, ^{marked} with a fence the new survey
 road on the northern boundary of * for about 2 miles.
 Since the 2nd of March section 10 1/2 made at present. But
 the present owners of the last section, Messrs G. F. & R. Smith
 having purchased by agreement from the latter dated 20th
 September last of the majority of 2 lines of road having
 bought the line of 1/2 mile of section 10 1/2. and the balance of 1/2 mile
 of section 10 1/2. and the balance of 1/2 mile of section 10 1/2.
 was at present known as such, altered so as to have the
 new section 10 1/2. over the last section. I have the
 new survey road, not being aware that a public right
 would be recognized by the allocation to the persons
 who so ungratefully and falsely state in this to the
 government of 24 March last, a that the words
 the new survey road in having from the 1/2 mile of
 section 10 1/2. of the public ^{survey} is to give way to
 individuals without the laying out of main line
 of 1/2 mile for having the survey of 1/2 mile
 which had well as a work given guard duty
 at Fort Philip.
 I received upon the 12th July 12. I received upon the 12th
 instant this morning, and in reply by G. F. & R. Smith
 that there is no vacancy in the Survey Department
 at Fort Philip.
 I have also forwarded to the Philip government
 a letter to the 1/2 mile of section 10 1/2.
 that the survey may be sent through this office
 open as a survey of the at Fort and as to request
 the first payment of rent for the same from the
 12th of July 13. They to receive the authority for
 the same by
 survey.
 I have also forwarded to the Philip government
