Impressed me as being an honest and careful teacher, trying to do his best, but wanting in concentration and mental alertness. Manufactured very good discipline. (Mr. Burtenshaw)

:- Wanting in mental alertness, concentration and force of character, but of kindly nature, and I believe diligent and conscientious, fairly successful, on the whole a good disciplinarian. 70 v fair.

:- Wanting in mental alertness and in concentration & force of character, but conscientious and doing his best, only moderately successful; maintains however very good order. 70 Feby. Insl.

:- A careful & conscientious teacher, working to the best of his ability, but wanting in force of character & power of concentration; cannot be called successful; manner kindly. Keeps on the whole very good order. 69 Insl.

:- Is working in mental alertness and intellectual power, and consequently deficient as a teacher and manager, but is, I believe, doing his best, & ought to secure verey good, tho' not interested, order. 66 Insl.

:- Earnest & zealous in the discharge of his school duties. On the whole may be deemed satisfactory, although some of his ways are crude. 75 Febry.

:- Tries his best, but that is anything but satisfactory for the pupils. In a small school where individual teaching may be possible, he might do fair work, but in this school he is almost inefficient. He is sincere & of improvement, for he is oblivious of his want of technical skill in the Art of teaching & controlling a school of this size. 60 Not satisfactory.

:- Made acomplishes more satisfactory work under more favourable conditions which he should seek. Earnest dark plain taking but almost incapable except perhaps in a Ninth class school. 57. Unsatisfactory.

Transferred 16 September 1906.

Appt'd H.T. from 17 September 1906. 825-2006

:- A good careful teacher of only fair force and energy. Kept good discipline 76. Cord. (Chor.)

Transferred 31 August 1907.

Appt'd H.T. from 1 September 1907.

:- Conscientious and intelligent but his management is not as effective with the boys as it should be. The tone and discipline of the lower classes is fairly good but not beyond reproach. The manner is not dominating but he maintains satisfactory discipline. 68. Insl.

:- Works industriously with his upper classes and pupil teachers, but with the assistant they are rather interested in their duties. His personal influence is good. His management is not as systematic and necessary for the advantage of the pupils. is September. Still he is steady on the whole good work in his upper classes. Though his lower classes are weak. Discipline & tone satisfactory. 70. May [illegible] in doing improved work all round. He is hard working & his conscientious and earnest to succeed. His methods are more effective & he has a good working grasp of his school. his management is not systematic and definite enough, but tone and discipline are satisfactory 73. Cord.
