Noyes		10 3 75/0763 H.	The general organisation of the school has been improved — the examination had not produced such satisfactory results as last year, the percentage gained being considerably less, but this is to be accounted for to a great extent by the unusually large number of absentees through sickness (measles) An improvement is observable in spelling and reading since last examination, but the whole school is very weak in grammar — the programme in needlework is not correctly worked out to — the enforcement of a little more quiet during lessons would have made the discipline appear more effective, but otherwise it seems satisfactorily carried out.
Kyman		1 12 76/4258 7H	Though seemingly to me somewhat affected in manner and evidently much satisfied with himself he is a good teacher and manager his school well — his chief failing is that he keeps rather much to the 5th + 6th classes without exercising sufficient general supervision over the room.
"		9 5 76/2802 5H.	A good teacher and manager somewhat quiet in style & manner, but firm + determined — as a teacher he is sound + intelligent — a good disciplinarian
Kyman		1 5 79/1534 4 H.	Is undoubtedly an able manager & teacher — state of his school in an efficient state. Belongs to the quiet rather than the noisy class of teacher, but in his lessons is careful & thorough & keeps his class in thorough control.

	*	7	10	96	36046 H		Smalley: During the ten months he has been in charge,
							Mr McGillivray has evidently bestowed earnest care &

	III. 2. 9	30	6	97	Sr. Roll.		Carefully (at Night School 1253). Boards at the top of very fair.
		25	2	98	3613 SD		Informed that it is considered that Night School 1253
							has not been carried on in a satisfactory manner, and that even
							according to his own admissions (see H 6 2. 97) he has deliberately
							infringed the 17 regulations with respect to the marking of the Roll.
							In view of his position in the Service, and of his experience as a teacher
							such neglect is inexcusable, and must be regarded as a serious
							offence, and be dealt with severely. Have therefore fined Mr. and
							Cautioned that if a similar report be received it may be found
							necessary to suspend him and to report his case to the S. & B. to
							be dealt with under Sect 124 P.S. Act 1890.
		12	10	97	32073 H		Smalley: The school has passed a good Exam: in the main
							subjects. Mr McGillivray's supervision is effective in securing steady work and very good
							discipline. The practical teaching of the P.T.'s classes should be more systematic, &
							his own teaching should be more effective. 63 v Sess.
		12	2	98	5090 H		Smalley: His supervision is effective as far as regards
							securing steady work and good supervision discipline, but not with respect
							to teaching the P.T.'s in the best methods. In several respects, he showed
							want of skill, and greater preparation in his teaching of 4 cases 5 Sess.
		27	5	98	19160 SD		Cautioned for his failure to carry out D's explicit
							instructions, for his neglect to reply to communication of 12. 12. 97,
							for his offensive remarks against D. S., & for his negligent teaching
							and management. Warned against giving cause for similar complaint.
							Cautioned also that if a marked improvement in his own teaching
							be not apparent at next inspection, serious action may be taken in the case
		10	10	98	31701 H		Smalley: The school has passed a good (as regards
							several classes, a very good) Exam: and fair evidence of being under
							Mr McGillivray's supervision. The class for which Mr McGillivray is directly
							responsible - Form V - I regret to say is extremely backward & irregular.
