Tynan		2 11 74 31292 H.	Perhaps about the average country teacher – rather wanting in activity, energy and thoroughness.
"		12 5 75 16069 H2.	About the average – doesn't exhibit much animation, but has much improved since last visit.
"		10 11 75/35456 H.	About the average country teacher – rather below than above – without anything like activity – supervision fair – instruction not of a very high order – programme seems observed – pretty good order prevails.
Swindley		1 6 76/21779 H2.	Is not (I think) a diligent teacher. H.T. informed of unfavorable nature of D.I.'s report relative to the instruction imparted to the pupils and that improvement will be expected at next visit of D.I.
Thompson		9 3 77/14090 H	Rather a heavy teacher – wanting in system.
Thompson		29 11 77/78/6729 H2.	Classification unsound – little progress appears to have been made since last examination – the instruction for a school of this character is at a very low ebb – a general weakness pervades all the classes – the infants require greater assiduity as regards instruction imparted
Summons		16 5 78/19002 H.	Endeavouring conscientiously to do his work – but with no great measure of success.
Loughrey		25 2 79/7618 H	A fair teacher but not possessed of good methods.

		18 2 80/7182 H.2	Lewis. "A teacher of the old style. may teach one class fairly but cannot keep two or three classes employed."
		3 8 80/33507 H.	" – A poor teacher. He may have been suited for the rural schools of the past generation, but he has little knowledge of school method according to the modern acceptation of the term.
