Miss Mary Jane Emerson.

34		28 11 91 64809 H²	Robertson. An active & energetic teacher fitted to bring along an infant room well on routine type of work. Seems to work in an unwilling spirit e.g. her time table (her own arrangement) minimizes the amount of time devoted to instruction of children. I look on this as on a par with the minimizing of time of instruction & probably the outcome of an intention to do as little as she possibly can without incurring positive censure
		23 2 92 7782 H	Jackson. In many respects is a success as an infant teacher but did not distribute her attention sufficiently to each class (70)

Main 26 8 74 26542 H Teaches fairly. Is a genial light hearted old man who keeps his children in thorough order and earnest at their work by sheer good humour (when I was examining 3. 4. and 5 classes he, having nothing to do, picked up his fiddle put on a mute and walked up and down the school amusing himself quietly - as the children paid no attention to him. I take it they are up to his little eccentricities)

Burlevin 4 2 76 7593 H. Is conducting the school fairly enough on the whole - takes an interest in his work - after his own fashion endeavors to advance the school. J.J. on the whole suitable - supervision not strict enough - instruction not very systematic hardly in accordance with the latest methods of teaching it was too individual - discipline good - records correctly kept.
