Account of the Condition of the Waltham Public Cemetery

During the Year 1888. The General Condition
 & Maintenance of the Cemetery has received
 due attention & is in fair order.

A good deal of ground has been made
 available for graves through clearing away
 by grubbing &c. of large trees & of
 erecting rubble retaining walls.

A number of young trees, having failed in growth,
 a further supply was obtained from the State
 Nursery at Mt. Macedon, & have been planted
 within & around the Enclosure.

Suggestions

Continue the formation of pathways
 & General Maintenance cost £25-0-0

Continue formation of terrace, by building
 of stone rubble retaining walls as ground
 becomes available, at a cost of £50-0-0
