I have the honor to inform you that
 meeting of the Board of the Public Health
 Department was on the 2nd inst. when the
 to him one a piece of ground in the City
 corner of the block the boundary between
 adjoining the lot of the Public Health
 Department is shown. The reason for this
 to secure this ground is
 A. That it is situated at a very quiet
 for improvement and that it is in the
 of the Station, that
 B. That it is a fine out-look property and
 location from the main line to the
 that have been shown, and it is shown to be
 in a part of the town that is not so
 C. The ground, which is shown to be
 and building (about 2 acres) for

 the ground, it is shown that it is to be
 shown for various purposes that are to
 greater extent than before as it is an
 garden site

Sir

I have the honor to inform you that at a meeting of the Trustees of the Catholic Public Cemetery held on the 2nd instant it was decided to purchase a piece of ground on the N.W. corner of the Catholic Cemetery Reserve, providing the consent of the Public Health Department be granted. The reason for wishing to secure this ground is

- A. That it is almost flat and very suitable for interments with good depth of soil, in excess of the Statutory depth
- B. That it is at present unoccupied and the weatherboard thereon could be used for protection of some purposes, and it could be placed on a part of the Reserve that is not so valuable
- C. The ground, which is about 30 yards by 30 and building (about 2 rooms) has been placed under offer for the sum of £10. and if not secured, it is probable that it will be again secured for residence purposes & perhaps to a greater extent than before as it is an excellent garden site
- D. This ground is well away from the main road from residence, and considering that a good air of the Cemetery ground is steep & rocky the Trustees are strongly of opinion that it should be secured with delay.

I am most obediently Yours
