(Extract). No 45/89 Melbourne 18 January 1845

Sir, In requesting you to proceed to Portland by way of Geelong in order to assist me in the employment of certain sums voted in this years estimate towards certain public works in those localities, I have to request your attention to the following brief observations and instructions.

£250. Geelong.

A Sum of Two hundred and fifty pounds has been voted towards constructing a jetty at Corio and a Breakwater on the Barwon.—

Although I request your report on the present state of the jetty and upon the measures to be taken to secure and complete the work when occasion offers, I ~~cannot but~~ must give it as my opinion that the preservation of the health of the inhabitants of the town of North & South Corio is too intimately connected with the repairs and the completion of the breakwater not to point out the necessity of giving that work immediate attention; and of proceeding at once as far as the sum placed at disposal will allow to do what is necessary, I have requested Mr Fenwick late Police Magistrate, Capt Fyans the original projector of that work, and Mr Addis Crown Commissioner for the County of Grant to assist you with any advice or information you may require; and with their concurrence, I give you full authority after determining the character of the work to be undertaken to call for and recommend for my acceptance ~~and~~ ~~recommend for my acceptance~~ tenders for the same

as.

The Superintendent of Bridges
Melbourne.

S. Goode, Government Printer, Patriot Office, Melbourne.

as well as to make any other local arrangements that you may deem requisite, always under the full understanding that I can sanction no outlay whatever that will not be fully covered ~~with~~ by the above vote.

With &c.
