The sum thus already expended has been considerably below that which is allowed for the Convict boats crew, indeed less than the sum allowed up to the end of the present month for pay alone, without counting the saving of provisions & clothing, and as it will continue to be so for some time to come during the winter months, I have no doubt that by continuing the same system the expense of the water Police boat will be considerably within the sum authorized even allowing for the great increase of employment during the summer, while it will be of equal if not greater efficiency than during the employment of Convicts. Sir

Enclosed I beg to forward to your Honor a set of Vouchers for payments made on account of the Water Police Department by Mr George Lovell Coxswain of the Water Police Boat, under the following circumstances. In the Vote for the expenses of the Water Police for the present Year are the following items. Pay for six men Prisoners of the Crown at 4d per diem £ 36"10"0. Provisions & Clothing for the same number £ 87"10"0. making a total of £ 124"0"0 for the maintenance of the boats Crew. As your Honor is aware it has been impossible to find Prisoners of the Crown to fill the vacancies that have occurred from time to time, and for some time there has been only one prisoner attached to the Department. The sum allowed not being sufficient for the permanent hire of a boats Crew, which has been done in the case of the Harbour Masters Department similarly situated with regard to Prisoners, it has been necessary to hire men for the job, or by the day whenever the Water Police Boat has been required to board, search, or clear out Vessels, or other Police duty: As it has been impossible at all times to obtain the services of the same men when wanted in a hurry, the number employed has been so large as to prevent the insertion of their names on the usual monthly pay abstracts & they have been
