Stephens said "Well here plenty

men then came up with
4 horses they had revolvers

their horses in the stall
Stephens said "what about the
Police shooting?" - I don't

paying attention - Prisoner

said He tell you all about
"there were
it, two policemen Mac Intyre and
Lomgren We came on them in
the afternoon They were preparing
tea for two other men. the boys
and Scanton. The two first were
married; Lomgren made for
his revolver to the tent, I'm not
sure ~~whether~~ whether he said I
told my brother Dan to cover
him with his revolver. Premier
said I asked where the other two
men were. He said they're gone
into the bush and will be here soon.
We heard horses coming. I said
get behind the log when they came
to Mac Intyre said to the boys -

surrender you are overpowered
the sergeant smiled

Sey! ^{Paulson} ~~Leander~~, one of the police

levelled his piece at my brother

Dan. I said "down you come" fired

and shot him. I am not sure

of the name of the man. The sergeant

got off his horse on the wrong side

and fired at me and nearly struck

me in the face Const. MacIntyre

pumped on the sergeant's horse and

rode away. The sergeant made for

a tree I fired at him. The sergeant

fired at me again we did not hit

one or the other, I told the sergeant

to throw up his arms he was behind

a tree in the act of firing at me I

fired hit him in the shoulder. The

Sergeant ran out to the open
held his hands up I thought he
was going to fire at me. I fired and
shot him. Sers. Hart and Byrne.
after Mac Intyre, they came back
without him I was vexed with them
for not catching him I was ill
before that. I have been ill since
and nervous.

Henry Dudley. Government Printing Office,
10 December 1878 I and three others
had an excursion to Stratford
three in the Spring Cart one on a
saddle horse. A person rode up to
the trap I took him to be a constable
in plain clothes, at the railway
gate we found it was Kelly he
he was Kelly the Prisoner

said get out- we did so. Tennant
came up and said what is the
matter Harry? I said to prisoner
are the Kellys about-? prisoner
said yes. I said to Tennant- the
Kellys are about- Tennant said
we will get up and load the guns
we got to the gate Stephen was there
prisoner said, introduce me to these
gentlemen they don't appear to know
who I am. he took off his hat-
and said gentlemen allow me to
introduce you to Mr Edward Kelly
the Bushranger I then began to tumble
to it- When we got into the yard. I
was intable because he had said to
me where did you shake the horse

and cork from. I said I am not
a thief and never was a thief in
all my life. If you repeat this
I will report you to your superior
officer he gave a smile. in the yard
he caught hold of me by the collar of
my coat held a revolver to my head
and said if you don't hold your
tongue I'll blow your bldg. brains out.
MacDonal stepped up and said
don't shoot the old man prisoner said
no I won't if he holds his tongue he
had taken out a pair of hand cuffs
and threatened I'll put them on
him. he put us all in the stove
room kept us there till 10 P.M.,
MacDonal and I were by the

door which was locked: prisoner
opened the door and said is it
not bad enough to be a proscribed
out-law without taking such chuck
from an old man like you. Taking
out a double cased gold watch he said
that belonged to poor Kennedy. Which
would be the best, for me to shoot
him or for the police to shoot me.
and take my mangled corpse in
to Mansfield?

You four behaved so badly before.
you are to be kept till 10 P.M.

store room. Prisoner, Burns and Dan
Prisoner spoke with Dudley and Har-
kept guard prisoner came in as
Dudley & I was standing by the door
between two and three P. M. Prisoner
took out a watch and said. This is
a nice gold watch Dudley said
yes. Prisoner this is a nice watch
it belonged to poor Kennedy was it
not better that I should shoot the
police than that they should carry
my body in to Mansfield a mangled
corpse. He had a revolver and a
rifle strapped on his back when he
struck us up.

James Gloster Draper and Hawker at -
Symour

On the 9 December 1878 about 7.
or 8 P.M. was with my dog cart
at Faithfulls. Brought with me
we had camped and gone into the
Station Kitchen we heard that the
Kelleys were there. leaving the kitchen
one of four men called me to come
back I went on my cart—
prisoner followed and said I
am Ned Kelley son of ^{Red} ~~Red~~ Kelly
a better man never stood in two
shoes. Come down or I'll shoot you.
I came down. prisoner said I've
a great mind to shoot you for not
coming back. After supper. About
9 or 10 P.M. I was locked up in
the store room with 16 others kept there

all night. prisoner and three others
were on guard. during the night
prisoner conversed with any that were
awake. Some out of curiosity asked
him about shooting the police, prisoner
said if there was any shooting I
did it. I shot Lomigan and also
Supt- Kennedy. McIntyre surrendered
~~after he threw up his arms~~ Lomigan
ran to a log trying to screen himself
behind a log when I fired at him, he
then fell after he threw up his arms
the shot hit him in the head and
killed him I was sorry afterwards
that he did not surrender. I fought
with Kennedy people call me a murderer.
I never murdered any one. I killed

him in fair fight; as he came up
I told him to throw up his arms
instead of surrendering he showed
fight. During the fight he retreated
from the tree he must have been
a good shot as well as a brave man
for one of his shot came through one
of my whiskers. As he was retreating
he raised his arm as if to fire at
me I hit him under the arm he
then fell. I'm sorry I fired that
last shot for I think he was about
to surrender instead of firing. I after
had a long conversation with him
and seeing that he could not live
from his wounds to end his misery
I shot him. It is no murder to

shoot- our enemies. The police are
my natural enemies. as we were
going to leave the place I did not
wish to leave him to be torn by wild
beasts while dying I thought it more
humane to shoot him I have stolen
a great number of horses. 200. if the
police had taken me for any of those
cases I would not object but that
Fitz-Patrick's case was trumped up
against me the police have persecuted
me.

Xend I was 200 miles away at the time
of the alleged shooting at Greta
my mother had struggled up with
a large family I am very much
incensed at the police she was

wrongfully imprisoned. Fitzpatrick's
evidence was perjured. my mother
had an infant at her breast when
taken to jail. I did not wish to kill
Loringham but only to take his arms."
— my impression was he took the
shooting on himself to save others.
I and the other prisoners did not—
use the word murder we were
afraid of his revolver.
