} Dead

Relations - This boy's mother died when he was very young & the father shortly afterwards married a worthless woman by whom he became the father of 5 other children, the step mother disliked this boy, and after his father's death a few months ago, made it impossible for the boy to stay at home, owing to the way the boy has been brought up (his father died a drunkard) his morals are very bad, and he has committed several petty larcenies. The property left by his father (who made a will) is worth \$2000 but I am afraid his step mother and her paramour will dissipate the whole of it, before the former dies so that this unfortunate boy's chance of ever getting anything is very remote.
